Risk Management

Employees Benefits

Helping you grow and protect your employees' wealth

We offer a broad range of services to corporates, institutions and small and medium-sized enterprises (SMMEs). We can help you to make healthcare, retirement or risk benefits available to your staff, and can also help you to invest your business capital. We offer these benefits individually, or in combination.

We have a diverse employer client base and extensive group benefits and corporate investment experience.

We also enjoy established relationships with all major product and service providers, but maintain our independence and hold no exclusivity agreements. This leaves us equipped to provide you with customised, best of breed business solutions.
